

Truck type Vacuum Circuit Breakers (VCB)

Features

- High performance even in worst cases such as
 - Out-of-phase breaking
 - High speed re-closing
 - Severe circuit conditions
 - Switching of capacitors
- Reduction of maintenance costs
- Compact size and light weight
- Low noise

Technical data

Rated Voltage (kV)	7.2	12	36
Rated Current (A)	630/1250/2000/3150	1250/2000/3000	1250/1600/2000
Rated Breaking Current (kA)	12.5/20/31.5/40	40	25/31.5

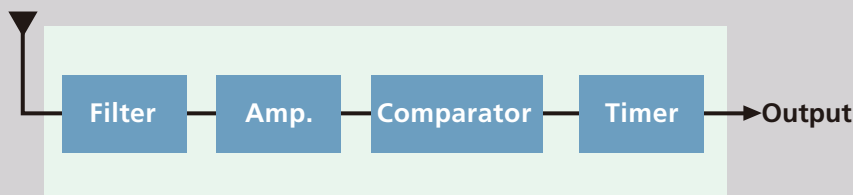

Vacuum monitoring device

Features

- Non-contact type sensor
- Constant on-line monitoring
- Compact size
- Self checking function

Principle

Input (discharge signal from a leaking VI)

Technical data

AC/DC power supply (V)	100 - 220
Output contact	"Vacuum leakage detection alarm : 1NO Self check : 1NO"
